

News from the Ranch

Mrs. Sistare's Early Elementary Class

Hello Families!

We had an awesome first week at CSI! We spent the week building our communities and learning the new procedures of our Classroom. On Friday we brainstormed and we created our Class rights and responsibilities. Everyone had such awesome suggestions! As a group we decided on the following:

- ❖ Respect the teacher and each other
- ❖ Use appropriate language
- ❖ Respect each other's personal space
- ❖ Respect our "ranch" (always keep our Classroom neat and tidy so it will be a safe environment for everyone!)
- ❖ Respect the guidelines of our Classroom library
- ❖ Always practice the Golden Rule

Thank you to Jaden H. for providing snack this week!

I am looking forward to another awesome week!

Love, Mrs. Sistare

Happy Birthday Isaiah

August 23rd!!!

Isaiah & Christian during Independent Reading

Important Information:

- ❖ The book fair will remain open throughout next week! You may visit with your student between 7:30-8:30 a.m. and 3:00-4:00 p.m. daily.
- ❖ I will be sending home a snack schedule this week. If you cannot provide snack please let me know as soon as possible. Thank you ☺
- ❖ Please sign and return your student's behavior sheet EVERYDAY!
- ❖ We have P.E. every Monday and Wednesday. Please make sure your child dresses appropriately on these days!
- ❖ Parents are reminded to please pull through the car loop line when picking up your child after school. It is unsafe to have students crossing the street.

Thank you! ☺

This week in Early Elementary.....

This week we will begin our Reading & Writing Workshops! During Reading Workshop we will be focusing on the motto "*Reading is Thinking!*" We will learn how to care for our Classroom library and focus on selecting "just right books". During Writing we will begin to use our Writer's Notebooks! We will be working on generating lists of topics and writing a rough draft. We will also be doing "Making Words" activities daily to brush up on our phonics!

In Math we are going to be reviewing skills such as continuing patterns, addition, subtraction, and telling time.

This week will also begin Morning Math which will be a great review for math skills!
