Dear Parents,

Don't forget—The Eagles will be traveling to the Koger Center on Wednesday to attend the production of *The Lion King of Mali*. We will leave CSI at 8:45 and will return by 11:00.

Our classroom store is open for business. Some Eagles are making purchases on a regular basis. Other Eagles are still learning how to count money. Surely, all of the Eagles will be successful with buying items they want. To assist with this, please allow time to practice counting money at home.

Don't forget the websites you can visit each night:

- For word study activities visit **spellingcity.com**
- For money, time addition, subtraction and much, much more visit **jmathpage.com**
- For alphabets, stories, and more visit **starfall.com**

This week, students will continue to have mini lessons on ock, all, eck, ong and other word families, antonyms, onomatopoeias, compound words, and adjectives. In math, students will continue to work with addition and they will continue to explore money. During science this week, students will research the question, "How

does Earth get heat and light?" What are some of the foods and clothing from other cultures is the question students will continue to explore during social studies this week.

Your Child's Homework Schedule

Monday

- Read for twenty minutes and record what was read on the reading log. Work with WWWs activity. Begin to work on comprehension sheet.

- Complete math activities

Tuesday

- Read for twenty minutes and record what was read on the reading log. Write sentences with the WWWs. Continue to work on comprehension sheet.
